purposes, including but not limited to employment overseas, migration to foreign countries, international travel, and other personal needs.

The Certification, Authentication, and Verification (CAV) of Basic School Records is one of the key frontline services of the Department of Education (DepEd), as outlined in the DepEd Citizens Charter. The current process involves multiple layers of verification of CAV request, which begins at the school level, goes through the Schools Division Offices (SDOs) and Regional Offices before reaching the Department of Foreign Affairs (DFA), which issues the final Apostille. Given the increasing number of clients availing of this service, it is essential to ensure the efficiency and effectiveness of its guidelines and compliance with relevant laws and regulations to guarantee timely, reliable, and high-quality public service delivery.

The Administrative Service - Records Division initiated the development of DepEd Order No. 48, s. 2017 and conducted various activities to evaluate its operational effectiveness and address various issues raised by Certifying Officers from Regions, Divisions, and Schools. Two major outputs have been developed, a draft DepEd Order which enhances and streamlines the existing policy and procedural guidelines and Online CAV Application System (OCAVAS).

To further improve and refine said outputs, and fully optimize the expected benefits, it is imperative to conduct three (3) more related activities. These activities serve as a follow-through to previously conducted initiatives which started from CY 2023 until the 2nd Quarter of this year.
