**DR. EDWIN MARIBOJOC, CESO V**  
SDS- Department of Education, LDN

Dear Dr. Maribojoc,

Greetings!

Adolescent sexual and reproductive health (ASRH) concerns, including adolescent pregnancy, HIV infection, and sexual abuse have only worsened with the COVID-19 pandemic — the Health Promotion Program: Key Assistance for Developing Adolescents addresses social barriers to ASRH through a network which expands on the concept of adolescent friendly health facilities, and reorients ASRH services to include a holistic community-based team ready to serve adolescents. Contrary to the common assumption that adolescents are incapable of responsible decision-making, the concept of evolving capacities establishes that as adolescents grow and mature, they are able to take greater agency and responsibility for decisions which affect them, provided they are given reliable knowledge, good guidance, and support from trusted adults.

Lanao del Norte is one of the implementation sites for the Universal Health Care which also focuses on health promotion activities. To increase awareness on adolescent sexual and reproductive health, the Provincial Health Office, in partnership with the Federated Sangguniang Kabataan in Lanao del Norte and the Local Youth & Development Office, will conduct a **YOUTH SUMMIT on August 16, 2024 at Kalimudan Hall**. One of the key activities of the said summit is the conduct of a **"Short film Making Contest"** with the theme **"Inspire, Educate, Advocate: Amplifying Adolescent Health Voices"**. A short film is a film with a low running time. The Academy of Motion Picture Arts and Sciences defines a short film as "an original motion picture that has a running time of **not more than 40 minutes including all credits but not less than 20 minutes total run time**". The film shall focus on pertinent adolescent health issues such as but not limited HIV/AIDS/STI, teenage pregnancies, substance abuse, mental health issues. Below are the criteria of judging:

- |                              |     |
|------------------------------|-----|
| • Storytelling               | 30% |
| • Creativity and Originality | 30% |
| • Audience Engagement        | 20% |
| • Technical Quality          | 20% |
